Altronic warrants the quality of workmanship for the panel assembly work for a period of two (2) years from the date of shipment. Parts or assemblies outside of Altronic normal supply, specified explicitly by the Buyer for inclusion in the panel assembly, shall carry a warranty of one (1) year from the date of shipment.

- d) The Buyer is eligible to exercise rights under this Altronic Warranty under the condition that the installation, operation, use, storage, and/or maintenance of the Products has been in accordance with the specifications, the operating manual and any other information, instructions, recommendations or documents provided by Altronic as well as accepted industry standards.

Altronic shall notify the Buyer of the Altronic disposition of each warranty claim in writing within a reasonable time period.
