

Exline-Altronic SaveAir™ Electronic Air Start System

LOCATION:

Sabinsville, PA

APPLICATION:

Natural gas compression

ENGINE/COMPRESSOR:

(2) Clark TLA-6 and
HBA-5T integral
compressor engines

INSTALLATION DATE:

September, 2005

OVERVIEW:

Prior to installation, neither engine could be started remotely. The SaveAir™ system overcomes the spotting requirement, allowing both units to be started without station personnel present.
